

Systematic comparison of iPSC-derived and post-mortem neurons on the transcriptomic, epigenomic, and 3D-genomic levels

D. Zagirova¹, N. Vaulin², K. Morozov¹, A. Kononkova¹, M. Molodova¹, E. Khrameeva¹

¹Skolkovo Institute of Science and Technology, Moscow, Russia, ²Medical University of Vienna, Vienna, Austria

- Adult neurons
- iPSC-derived neurons
- Fetal neurons
- iPSCs
- NPCs
- iPSC-derived glia
- Adult non-neurons
